

the art of 
marriage[®]
 getting to the heart of God's design

Mark your calendars!

Friday March 6th and Saturday March 7th we are presenting a 2 day marriage seminar open to everyone married and single (those who wish to be married). It's a 6 session DVD course Friday night from 6 pm-8:15 pm and Saturday from 9 am-2:15pm. (lunch provided) Child-care available.

We all know that marriages are under attack these days and talked about from every viewpoint. But how does God see it? Does he care? He should, He instituted it! So the eldership here at University want to equip those we love with biblical information concerning this very important subject.

The Art of marriage weaves together expert teaching, real life stories, and more to portray both the challenges and the beauty of God's design. In the Art of Marriage over 40 ministry leaders provide the biblically centered teaching while couples who have struggled in marriage openly and honestly share their stories of pain, loss, forgiveness and grace. Its information we can't afford to pass up. The Lord says "My people are destroyed from the lack of knowledge". We want to equip ourselves and our friends and neighbors so invite them to come as your guest.

Material is available by calling and reserving it from the office
 Lunch is provided
 Childcare available by calling the office

We hope everyone makes plans to be there to take advantage of such great information.

If you have any questions you may call the office at any time we would be glad to answer any questions you might have. If you can't make it also see the office and how we can get you to see this on your own and on your time and schedule.

We want to take this time to welcome everyone of you to services here at University church of Christ especially for those who are visiting. We are glad you have come our way and would invite you back the next time you are able. We would also ask if you would remain after services so we might get the chance of meeting you in person. Again Welcome!

If you have a question of us or would like to know more about the bible and your relationship with Jesus Christ. We would love to visit with you. If you are looking for a church home or are in need of assistance please feel free to visit with the eldership or come by the office for a visit.

We know that in the bible Jesus said "He is the light of the world, that He is also the bread of life and living water. My question of us is, do we ever see that fully in our lives like we should? Since we as consumers worry more about what we are receiving than more about who is providing. The Israelite nation demonstrated that with not fully trusting God for their needs and what really mattered in their lives same went for those who were coming for the loaves and the fishes in the New Testament. We are told that man should not live by bread alone but is that all we are concerned about? Do we see the real need for God in my life right now or do I have it all together. Lets examine our hearts today and see how we really view who God is in our lives.

In Case You Missed It

As we have wrapped up our 8 week study of following Jesus this last one leaves us with a choice it always does doesn’t it and what struck me in the class tonight is that he mentioned that most people who stop following Jesus didn’t necessarily stop believing in Him...over the facts about God...it seldom is...its not a decision that someone says “I am going to stop following because I don’t believe He exists” rather they stop following for other reasons and frankly more selfish reasons. You all have heard this before by not choosing we still have made a choice whether we think so or not we substitute it for something else it can be over a something over a who...or it can just be me, myself I start trusting and following me and the scariest thought of it all will come in the very end of all that where did that decision in my life get me and as Peter claimed to Jesus you have the words of eternal life, to salvation then whom shall we go there is no other source...what other source shall we seek concerning the most important thing of life and hear after and after seeing all they experienced there was nothing else they could conclude Jesus knew their thoughts, knew their doubts, He read their minds and they too were thinking this may be the time of not following him any longer they had to make a choice like Joshua told his people and they decided they couldn’t turn back and we should not either why the Bible warns for those who taste of the heavenly gift and then walk away there is no more sacrifice why? Because we would have rejected the only thing that can save us and get us to heaven. My encouragement to every one of us is to keep following even when times get tuff or don’t know where to turn....keep following and keep trusting the one true source that can save us all in the end and as the bible states too is we don’t lose heart.
