### WELCOME

We want to welcome each one that is here today having the privilege to worship our Lord and Savior Jesus Christ. If you do not know Him or have drifted away at some point we welcome you here to keep following Him in His footsteps. We would love to walk along side of you as we all need the strength from each other. If you are visiting today we are so glad you have come our way and invite you back the next time you are able. Also if you wouldn't mind remaining after services a brief moment so we might get the chance of welcoming you here in person we would love the opportunity.

THANK YOU! Our free garage sale was a big success coming in contact with over 150 people that may have not seen the church, seen its members here before or come to a church building in some time. We were cleaned out within the first 30 minutes and stopped taking tickets after the first hour. WOW! And we had such a coming together of support to make this happen with so many of you volunteering your time, donations, items that you donated and prayers offered. We hope and pray that by our working in His field one day may see the increase to bring Him the glory. Lets be ready whenever called to do his will. Again thanks so much this was a wonderful effort by so many. Lets be thinking of other ways of outreach in the community we live and serve.

Who here today would like to have the load lightened? Most of us I'm sure would like to raise our hands. But do we have what it takes to get there is the real question? So often we carry them around because we think we "have" it only to have it get harder and harder and it get heavier and heavier some being dragged around for years. When I asked the question do we have what it takes I asked that because what it takes is for us to let it go and cast it all on Him and secondly help bare each others. But again are we willing to do that? If the answer is no and you may feel some push back. Where is that coming from? What will it take to heed Gods word better on the matter. Lets examine a little more of where we are in this area of life and work together with Gods help for all of our sake.

"Casting our burdens on Him because he cares for us".

In Case You Missed It

**1 Timothy 6:7 For we brought nothing into this world, and it is certain we can carry nothing out.**

The great pyramids of Egypt have become objects of great fascination for many involved especially for New Agers in the New Age teaching. Some think they were built by aliens from outer space. Others say they are containers of cosmic power. All of them are trying to find the great "secret" of the pyramids. You want to know what they are, really, they are structures for death, exaggerated tombstones, coffins. The pyramids were made for death. They were built to house a dead body, along with the useless riches of it's rotting corpse who wanted to take it all with them in the after life only for them to be still left behind. So the pyramid holds an important lesson for our lives, because as we know and as the passage points out that all the works of our flesh and self-glorification end in waste, destruction, and death. Our accomplishments in the flesh might be grand, exalted, and elaborate even like theirs were — but they're really just a monument to ourselves that have no life within them. If we want death, let's look to the flesh and all the glories of man — look to the pyramids. But if we want life, we'll only find it in Christ Jesus He is the Life...He is the way and He wants to give us life. The one who gives us abundant life! Investments in eternity neither rust nor rot, so let's become wise investors with the balance and remainder of our time.
