A very special welcome to each of you today as we come here to worship our Lord and Savior Jesus Christ. You are truly “family” and we are so glad you are apart of the work here. If you are visiting us today we are so glad you have come our way and would invite you back the next time you are able. Welcome! If you are visiting today we would ask if you would remain after services so we might get the chance of meeting you in person. If at any time you have a question of us, want to set up a bible study, looking for a church home, or are in need of assistance please meet with us as we would love to learn how we may serve you as we serve Him!

I don't have to tell you that there is a lot of Evil still left in the world. The question remains how does it get to the point it does? Where does it start or come from? The answer may surprise you how easy it is for any of us becoming capable of such and as we will look today at one good example that the bible defines from someone with a good family background did evil simply because he did not set his heart on the Lord. That's really the start of the path towards Evil and for any of us really. Today we will define what evil is to God and how easy any of us can be found guilty in his sight. Today we will again use the old testament as our example to apply to our lives today.
