church services

too far from the

Welcome! It's not something we say its something we mean. If you are visiting us for the first time we are glad you came and would like a chance to greet you and welcome you back. If you ever have questions, would like to set up a bible study, If you are looking for a church home, we would be glad if you became a part of this body that meets here. Again Welcome.

Today is Father's Day and we would like to wish every father a happy Father's Day. I went searching around and found it a little challenging to find just the right thing to have us all say on this day to Father's. So I found a Father's Day Poem by Joanna Fuchs entitled Life Lessons You may have thought I didn't see, Or that I hadn't heard, Life lessons that you taught to me, But I got every word. Perhaps you thought I missed it all, And that we'd grow apart, But Dad, I picked up everything, It's written on my heart. Without you, Dad, I wouldn't be The (woman) (man) I am today; You built a strong foundation No one can take away. I've grown up with your values, And I'm very glad I did; So here's to you, dear father,

From your forever grateful kid.

I think that describes how most of us feel about our dad's. When we look back at their contribution its easy to recall it's their lasting influence on our lives.

Happy Father's Day

Are you studying the Bible regularly?

IN CASE YOU MISSED IT

Isaiah 33:6 Wisdom and knowledge will be the stability of your times, And the strength of salvation; The fear of the Lord is His treasure.

It was 1986, in the midst of a three year drought, when two brothers who lived near the Sea of Galilee made an incredible discovery. As these two fisherman monitored their equipment on the lake, they noticed something glistening in the sun covered in mud. It was a fishing boat. Upon deeper examination, archaeologists determined that these two brothers had discovered an ancient boat from the time of Jesus. It was called the "Jesus boat" and is now located in a museum next to the Sea of Galilee. Hidden under water for centuries, the only reason it was discovered was that the severe drought had lowered the lake surface so drastically; so that even when no one was looking for it — this treasure was discovered totally unexpectedly. You may have noticed — it's becoming more and more spiritually dry in this world and sometimes I wonder, will anything good ever come out of it? Yet I think the same thing can happen for us as happened to those two fisherman. When things get low, and dry, and sparse, suddenly when we least expect it, God can reveal treasure that we couldn't see or know about because everything was abundantly okay. Maybe it's a friendship that blossoms because of the pressure or need ... or, maybe just a new and deeper insight into the Lord's own sufferings; or maybe a new spiritual gift of encouragement.....there are many possibilities, and I think we ought to be looking for them, though they might appear when we least expect it. Even during a drought which around here we understand all to well.
