A warm welcome to each and every one that has come here to worship the one, true and living God our Lord and Savior Jesus Christ.

If you are visiting us today we are so glad you have come and welcome you back anytime. If you have any questions of us or if we can be of any assistance feel free to contact us and let us know. We can also be reached in the office during the week.

Today our message will bring our focus on a subject that is not talked about much these days and that is the fact of the "Path Principle" and what I mean by that is your and my direction with anything, determines your destination. Simple statement but yet very true with our lives today. Its why we warn young people who are not yet wise of things of the world and see warning signs way before they do. But do we see them ourselves and for ourselves? If the bible says that "It's not in man to direct his own path" then we have to ask ourselves the question "Who's path are we taking?" and where are we heading? We will visit a story told by Solomon in Proverbs chapter 7. And examine our paths a little closer and know that our direction, the path we are taking right now will determine our destination. Where is your final destination?
