WELCOME

We would like to take this time to welcome you to University church of Christ. We are so glad you have chosen to worship with us today. If you are visiting we are so glad you have come our way and would invite you back the next time you are able. We would also ask if you would remain briefly after services so we might get the chance of greeting you and welcoming you here in person. Again Welcome!

Looking for a church home we would love for you to be part of us and our work here. Want to set up a group or personal bible study. Have a question, need some assistance or know of someone who does. Please take the time to see how we may serve you.

NEW POSTCARDS. Our new postcards will be here for the fall and will be sent to the west side of Lawton this mail out. We have sent the first two around a couple mile radius of our building. This time we have covered most of west Lawton. Please be praying for this mail out effort and look for some for you to take and mail to someone you know or let us mail it for you. More details to come.

Even though I am not a avid coffee drinker there is something just not right about lukewarm coffee is there? Its purpose is to be hot unless like some today who have ice coffee and they just want the flavor. There is something that turns us away from cold coffee that has not been warmed up. Most dump or throw it out and start fresh. Sadly the same is said by our Lord about lukewarm Christians. Is that you or I? Do we know? Do we care to find out? And what's so bad about it that God will spew you out of his mouth if we are described as that. Many of us just deal with Luke warmness but God has a different outcome. Lets examine our heart to see where we are in this very graphic description.
