A warm welcome to everyone in attendance today, we are so thankful and glad for each one that is represented here to worship our Lord and Savior Jesus Christ. If you are visiting us for the first time we are very glad you have come our way and welcome you back and would ask if you would remain after services briefly so we might get to meet you in person. If you have continued to visit we welcome you back and are glad you are here with us again. If you have any questions of us or would like to know more about University and what we do here feel free to ask one of us how we may serve you.

These past weeks we have been focusing on our path we take through life. As we have found, that direction determines destination. Last week Proverbs 27:12 told us about the two different outcomes of taking the right or wrong paths as the prudent sees danger and takes refuge but the simple keep going and suffer for it. The big question today is how do I make my path straight. The simple answer is we don't. The Lord does, IF we will let Him. Today we are going to take Solomon's wisdom and council to remind us not to lean on our own understanding found in Proverbs 3:5-7.

| 18 - Denice Ross | |

In Case You Missed It

Psalms 31:24 Be of good courage, and he shall strengthen your heart, all ye that hope in the LORD.

Jim Burke had become the head of a new products division at Johnson & Johnson, and one of his first projects was the development of a children's chest rub. The product failed miserably, and Burke expected that he would be fired. When he was called in to see the chairman of the board, however, he met a surprising reception. When he was asked if he was the one who just cost the company all that money, by Robert Johnson. He told Mr. Burke “Well I just want to congratulate you. If you are making mistakes, that means you are taking risks, and we won’t grow unless you take risks!” Apparently, Mr. Johnson was right because as we know years later, Johnson & Johnson remains one of the largest multi-national manufacturers of pharmaceutical, diagnostic, therapeutic, surgical, personal hygiene, baby and biotechnology products. Likewise, we believers are called to take some risks so that God’s Kingdom may grow! So often, we may be of fear of some opportunities we too become afraid that things won’t go the way we hope and others might be disappointed or possibly see us fail. But God wants us to go forth boldly, sometimes taking a risk or two, so that we may accomplish great things for Him! Yes, sometimes we’ll get it wrong and there may be a hard lesson to learn. But we will learn—and eventually great things will happen as a result of our courage and persistence! Because in reality our time is short and there is still work to do. We cannot afford to stand on the sidelines. Let’s ask the Lord to cause us to have courage and go in boldness! God’s Kingdom won’t grow unless we start taking some risks!
