Welcome to services here at University church of Christ. We are so glad you have come our way and would like to invite you back the next time you are able. If you are visiting we would ask if you would remain after services a brief moment so we might get the chance of meeting you and welcoming you here in person. Again WELCOME!

If you have a question of us, looking for a church home, want to set up a group or personal bible study, have a need that we need to be aware of please get with us at your convenience, we would love to meet with you to see how we may help you in your growth with the Lord.

How much do we share our FAITH? Is it more frequently or has it been put on the backburner so to speak left to simmer. Are we hot or cold? We must be careful how we answer the last one because we have already been told what Jesus will do with Luke warmness. Sadly but some research suggest that less than 10 percent of believers share their faith before they die? That is a startling statistic and one no one takes pride in. What can we do to change that. How can I motivate you to change that? How can you motivate me? How can we motivate each other to go and proclaim the gospel to the whole world. Telling of the good news and being ready to give a response to those who ask about the joy that is within us. Do we have joy in our life? Does it show? Today we will be taking the example of STONES left in the Jordan river for those then to "remember" the account found in Joshua 3 and 4.
